

PRO FLOOD LED

The Pro Flood standard LED fitting has attractive 120° light dispersal making it the most reliable construction lamp (with white light). Carbonate glass reflection means the light beam does not dazzle. Ideal in combination with a fibreglass-reinforced synthetic lightweight stand, as a compact version or standard design.

SPECIFICATIONS

- Dimensions and weight: 490 mm x 400 mm x 130 mm/7.5 kg
- Light output: >13,500 lumen from light fitting
- Optimal cooling, long life: > 50,000 lighting hours
- Light fitting: fully IP66
- Suitable in ambient temperatures between -20°C and 50°C
- Height stand compact: 1.22 m - 3.20 m/9.9 kg
- Height stand standard: 1.75 m - 4.75 m/14.2 kg
